

National Youth Leadership Training

National Youth Leadership Training (NYLT) is the new youth leadership training developed by the BSA. The course aligns youth leadership training with that received by adults in 21st Century Wood Badge.

NYLT concentrates on a modern, systematic learning approach to the skills of leadership, with an emphasis on both theory and practical application. The course centers around the concepts of what a leader must BE, what he must KNOW, and what he must DO. The NYLT experience models a month in the life of a troop – emphasizing the patrol method, model Patrol Leaders’ Council meetings, and skills and activity sessions to help Scouts develop leadership and teamwork, and guide patrols on their "Quest for the Meaning of Leadership". Participants will build a “Toolbox of Leadership Skills” to take back to their home Units.
